School Safety & Security

Training for Leaders: 1day Course

Safe & Secure
Schools

Schools and Colleges come across many incidents during an academic year that are preventable. The injury and loss of life of a child is unbearable pain that parents had to go through. If this injury, illness or fatality occurs at school premises, under school managed transport or under School control, the pain suffering of the parents turn into anger and frustration. Media gets involved and the reputé of the school is badly hurt resulting in the loss of trust and confidence by rest of the parents. This specially designed course will assist stake holders in not only assisting schools to prevent such an incident, but will also assist them to use it for the school benefit for marketing their school as a **Safe and Secure School**
