

# Food Safety Compliance: Via Behavior Based Food Safety Management

Food safety awareness in Pakistan is at an all-time high; new and emerging threats to the food supply are being recognized; and consumers are eating more and more meals prepared outside of the home. This course trains participants in a new approach towards food safety via BBS

## YOUR IMMEDIATE TAKE AWAY

- ▶ Learn the behavior-based food safety
- ▶ A reference guide on key concepts of food safety
- ▶ A management system for food safety professionals

## WHO SHOULD ATTEND

Drivers, assessors, HSE staff, employees who drive for long hours

This course is designed for Managers and supervisors in small, medium or large catering, manufacturing or retail businesses working in a supervisory position in the food business. Particularly relevant for those who have to develop or monitor HACCP based food safety management procedures and systems.

It is recommended that candidates have an understanding and knowledge of basic food hygiene. The participants will be specifically trained in Food Safety Management and HACCP
