

RISK MANAGEMENT

Including Enterprise Risk
Management

Completed more than
1500 RISK ASSESSMENTS

OSALP Expertise

Mitigate potential threats to your facilities and operational activities concerning the health and safety of employees, the public, and the environment.

Our Service

- Hazard Identification and Analysis
- Facility Risk Assessment
- Process Hazard Analysis (PHA)
- Quantitative Risk Assessment (QRA)
- Fire and Explosion Risk Assessment
- Human Reliability Assessment
- Change Management Risk Assessment
- Security Risk Assessment

We use a systematic approach, employing assessments like JSA, PHA, and COMAH to identify and mitigate potential hazards in operational contexts. These assessments cover environmental impact, human reliability, and security, ensuring a proactive approach to HSE risks in diverse industries.
